

**SCHOOL DISTRICT OF RIVER FALLS  
ACADEMIC STANDARDS PUBLIC NOTICE**

July 17, 2017

Board of Education Meeting

In order to ensure that every child graduates ready for further education and the workplace, the School District of River Falls has adopted the following Academic Standards for the 2017-18 school year. Identified curriculum delivered by highly-qualified educators using innovative and research-based instructional strategies will prepare our students to excel as responsible, productive, global citizens.

The standards listed below align to expectations intended to best prepare our students for external assessments (e.g. ASPIRE, ACT, WorkKeys) that will be used for college and career opportunities.

Instructional materials and resources are utilized in conjunction with the below list of standards to support student learning.

<b>Content Area</b>	<b>Curricular and Instructional Standards</b>
Agriculture	<a href="#">Agriculture, Food, and Natural Resources</a>
