

SCHOOL DISTRICT OF RIVER FALLS

River Falls, Wisconsin 54022

2018-2019 INDOOR ENVIRONMENTAL QUALITY MANAGEMENT PLAN **NOTIFICATION**

School buildings kept in good repair, suitably equipped and in safe and sanitary condition promote a positive learning environment. In accordance with the requirements identified under Wisconsin Statutes 120.12 (5) and 121.02 (1) (i) and Wisconsin Administrative Code PI 8.01 (2) (i), the School District of River Falls will take appropriate steps to provide and maintain safe and healthful facilities.

As required in Wisconsin Statute 118.075 (3) and (4), the Director of Buildings and Grounds, or his/her designee, will maintain indoor environmental quality (IEQ) in schools. Proper IEQ includes establishment of heating, ventilation and air conditioning (HVAC) systems, moisture control, integrated pest management, cleaning and maintenance schedules, appropriate materials selection, routine building inspections by maintenance personnel, appropriate training of staff, and communication.

The School District of River Falls has adopted an IEQ plan. Questions related to the plan should be directed to the Maintenance Department at the School District of River Falls at 715-425-1800.
