Seesaw

Students and Teachers (Class App and Website)

- **iOS Devices:** iOS 10.3 and newer*
- **Android Devices:** Lollipop (API 22) and newer. [Check which Android OS you are using.](#)
- **Kindle Fire:** Kindle Fire HD devices running Android Lollipop (API 22) and newer. [Here's how to find out what Kindle you have.](#)
- **Computers and Chromebooks:**
 - Chrome: Version 81 and newer
 - Firefox: Version 66 or newer
 - Edge: Version 86 or newer (Draw+Record recording is not supported on older versions of Edge)
 - Safari: Version 11 and newer (Draw+Record recording is not supported)
 - *Download or upgrade to the latest version of [Chrome](#), [Firefox](#), or [Edge](#).*

***Note on iOS 9 and 10:** The Seesaw Class app can be used on iOS 9 with limited features including: basic creative tools (one photo, one video, one drawing, basic labels, basic draw+record, one link) and messaging. Activities and Activity Library are not supported on iOS 9. Support for iOS 9 and 10 will be discontinued in June 2021.

Family Members, Parents and Caregivers (Family App and Website)

- **iOS Devices:** iOS 10.3 and newer.
- **Android Devices:** Lollipop (API 22) and newer. [Check which Android OS you are using.](#)
- **Kindle Fire:** Kindle Fire HD devices running Android Lollipop (API 22) and newer. [Here's how to find out what Kindle you have.](#)
- **Computers and Chromebooks:**
 - Chrome: Version 81 and newer
 - Firefox: Version 66 or newer
 - Edge: Version 86 or newer (Draw+Record recording is not supported on older versions of Edge)
 - Safari: Version 11 and newer (Draw+Record recording is not supported)
 - *Download or upgrade to the latest version of [Chrome](#), [Firefox](#), or [Edge](#).*

Google Classroom App

If you use a Chrome device...

If you use a device running Chrome OS, such as a Chromebook, you don't need to install the app. If you're using a Chrome app to access Classroom, be aware that support for Chrome apps is being removed. [Learn more](#)

Android Classroom App

Your device must have Android 4.4 KitKat or later to get the latest version of the Classroom app.

1. On your device, tap Play Store "".
2. Find and install the Google Classroom app.

iPhone or iPad Classroom App

Your device must have iOS 11 or later to get the latest version of the Classroom app.

1. On your device, tap App Store.
2. Find and install the Google Classroom app.

Clever

iOS

The Clever app is compatible with iOS devices (e.g. iPads, iPhones) versions 9.0 or later, and is available for download from the App Store.

Android

At this time, Clever does not have an Android application, however, students can still use their Android devices to access Clever! They will use Clever on the web browser just like they would while on a computer. Clever recommends the Chrome web browser for best experience. When using an Android device, users will need to manually log in to SSO (Saved Passwords) applications.

Amazon Fire

Amazon Fire tablets provide the same user experience as Android.

Flipgrid

PCs, Macs, & Chromebooks

Flipgrid works best with the [new Microsoft Edge](#). In addition, Flipgrid is supported by all modern web browsers. Please see the chart below as a reference to how Flipgrid works across browsers:

	New Edge	Chrome	Firefox	Old Edge	Safari
Video Recording	Built-in (WebRTC)	Built-in (WebRTC)	Built-in (WebRTC)	Flash Required	Flash Required
Video Playback	Native (MP4)	Native (MP4)	Native (MP4)	Native (MP4)	Native (MP4)
Overall Experience	Super Awesome	Super Awesome	Awesome	Great	Great
Min Version	79	70	69	44 / 18	12

iOS and Android Apps

On mobile devices, students will need to download the free Flipgrid apps. Educators will continue to use the mobile browsers for accessing their account and managing their Grids.

[Flipgrid's iOS app](#) requires iOS 10.0 or later. It is compatible with iPhone, iPad, and iPod touch. Please make sure you are on the latest version of the Flipgrid app and we always recommend the latest iOS version.

[Flipgrid's Android app](#) requires Android 5.0 and up. Please make sure you are on the latest version of the Flipgrid app and we always recommend the latest possible Android OS version. For Android 8.0 and below, trim and split camera editing functionalities are not supported.

Zoom

iOS 8.0 or later

- Send and receive video using front or rear camera
- iPhone 4 or later, iPad Pro, iPad Mini, iPad 2 or later, iPod touch 4th Generation, iPhone 3GS (no front facing camera)

iPadOS 13 or later

Android 5.0x or later

Google Meet

Google Meet does not require a desktop client or a browser extension to be installed, you only need to visit meet.google.com from one of the following browsers:

- Google Chrome
- Microsoft Edge
- Mozilla Firefox
- Apple Safari

On the mobile front, you can join video meetings on Google Meet via:

- The [Google Meet Android app](#) on Android devices running Android 5.0 or higher
- The [Google Meet iOS app](#) on iPhones and iPads.
