## NEW ABSENCE REPORTING ONLINE FORM

Meyer Middle School has a new absence reporting form on our school website for you to use when reporting a student absence. I included a screenshot of our website showing you the location of the form. You can still call and leave a message if that is easiest for you. We added this option to reduce the amount of office calls and to make it easier for parents to report an absence. You do not need to call the office after using this form.
