## **Kids Club School Year 20-21 COVID-19 Policy**

---

### Limited Participation

We will be asking what tier of essential employees you or your spouse are. This will be how we prioritize contracts as we near our cap and or need to utilize a wait list.

**Tier One:** Front line medical/health care workers

**Tier Two:** School district employees, contractors, and other staff in vital areas including but not limited to military; long term care; residential care; pharmacies; child care; child welfare; government operations; public safety and critical infrastructure such as sanitation, transportation, utilities, telecommunications; grocery and food services; supply chain operations; and other sectors as

determined by the department.

**Tier Three:** An expanded definition of "minimum basic operations employees" which allows additional workforce sectors to work in a limited, safe fashion during this time.

### **COVID-19 Protocol**

The safety and wellbeing of all staff, children, and the families at Kids Club continues to be of utmost importance to us. We commit to taking all precautions toward keeping children and staff safe and healthy, including the current time of the COVID-19 outbreak. To ensure the safety of families and staff, Kids Club will follow the protocol outlined below as well as any other direction given by the Department of Children and Families who are working closely with the CDC to help reduce the spread of COVID-19.

The students will be separated *into their classroom cohorts* and spread out throughout the multi-purpose space and using the gym or other spaces when available.

Parents will be asked to sign a sick child agreement for the 2020-21 school year indicating that you have read and agree with the information in the policy and will not send a sick child or a child exposed to COVID-19 to Kids Club.

### **Enrollment**

Based on limited capacity, Kids Club before/after school will be provided for K-5th grade students.

Enrollment will be capped when we reach the number of students we can safely provide proper staffing while accomplishing covid-mitigation efforts including social distancing.

Once that has been reached, we will start a waiting list if additional staff and space become available

**You will receive an email once your contract has been accepted.**

*Parents of students who have compromised immune systems or other health related issues where the possibility of contracting COVID-19 could lead to more serious health effects, should thoughtfully consider if Kids Club is the best place for their child.*

### **Drop Off and Pick Up - Entering the Building**

All exterior doors are to remain locked at all times. Parents/caregivers will not need to enter the building when dropping off and/or picking up. Please allow for extra time during high peak times.

**IMPORTANT:** It is important that one person at a time comes up to the door to drop your child off and/or pick up your child. You may send a different person to pick up/drop off, but it is important that it is only 1 person at a time. We ask that you practice "social distancing" (6 feet) at all times. Please note that you may be asked to stagger your arrival/departure times if social distancing is not being followed.

When parents are dropping off or picking up their child(ren), they will call their site's phone number when a staff member is not present and staff will meet them at the door.

Greenwood Elementary Kids Club drop off will be at the main entrance. Kids Club will operate out of the multi purpose room. Please call: 715-821-2947

River Falls Public Montessori Kids Club drop off will be at door # 303. This is the door on the north side facing Pine Street and the angled parking spots. Kids Club will operate out of the Media Center. Please call: 715-307-3644

Rocky Branch Elementary Kids Club drop off will be at door 307 in the parent turnaround. Kids Club will operate out of the multi purpose room. Please call: 715-307-1828

Westside Elementary Kids Club drop off will be at the main entrance. Kids Club will operate out of the multi purpose room. Please call: 715-307-0582

Staff will sign children in/out each day and do a visual health check. You may be asked about your child's current health.

#### **Temperature**

At this time, the taking of temperature is not required by DCF, but RFSD exercises the right to add this step if needed to help further ensure the health of our students.

#### **Masking**

**Staff and students will wear masks inside of the school building. While outside, masks are not required, but encouraged if they will not be practicing social distancing and in contact for more than 15 minutes.**

#### **Grouping of Kids Club students**

All Kids club students will operate out of the multi purpose room. The students will be separated into their classroom cohorts and spread out throughout the multi purpose space with the possibility of using the gym or other spaces if available.

We will try to keep the cohorts separated both inside the building and on the playground to try and limit crossover.

#### **Sanitization**

- Handwashing will be done whenever the student enters or leaves the Kids Club area (ex: to lunch, before and after going to the playground)
- Hand sanitizer is located throughout the building
- Kids Club staff will clean all surfaces, hard surface manipulatives with the District approved cleaning agent.

- When lining up, have kids stand on X'/dots or use other practices to make sure they keep space between them. Minimize the time kids are waiting in line.
- Keep in mind that when students have masks on, students will be able to play with each other during free play with social distancing being encouraged.
- We recognize the need and desire to social distance, but must also recognize that school age care and playtime are inherently social. There will be times when social distancing can not be accomplished or is limited.

A Kids Club monitoring staff member will take temperature, notify Kids Club Coordinator who will in turn contact Karin Branvold, District Nurse to notify her of the situation and supply more information if needed. Medical information will be logged in the health binder at the site.

Door staff will also be tasked with a visual screening of students being dropped off. If any of the below symptoms are seen, parents will be asked about their child's condition and may be sent home immediately if it is determined that they do not have a baseline for their symptoms.

### **COVID 19 Sick Child/Staff Policy**

Staff/Children will be monitored for signs or symptoms of COVID-19 daily.

*If your child has an underlying condition such as seasonal allergies, migraines, frequent stomach upset etc., we must have a doctor's note to create a baseline. If we do not have a doctor's note, we will send children home with these symptoms even if it happens repeatedly.*

- If it comes back positive, then public health will be notified and they will follow up
- If you choose not to have a COVID test, then your student will stay home 72 hours (3days) after symptoms resolve without the use of medication.

*If your child has symptoms after being exposed to a positive case of COVID and they had close contact, they must quarantine for 14 days past the last exposure and monitor symptoms.*

*If they have been exposed to someone with COVID, but show no symptoms and did not have close contact, they can come to daycare, but must monitor for symptoms.*

#### **Households with ill household members**

- COVID positive household: Public health will determine "close contacts" and exclude as appropriate, typically this will be the 14 days since the last exposure to the ill patient.
- COVID negative household/Unknown: all "well" individuals are able to attend school as usual.

#### **To prevent the spread of COVID-19**

- Staff/Children with signs/symptoms of COVID-19 or who have been exposed to others with COVID-19 will be asked to stay home

- The local public health department and the Department of Children and Families Bureau of Early Care Regulation will be contacted. Kids Club will follow their guidance for next steps
- The program will post and notify families of any confirmed staff or child cases of COVID-19

#### **Returning to a child care facility after suspected COVID-19 symptoms**

If a staff member or child has symptoms of COVID-19 or is in close contact of someone with COVID-19, they can return to the child care facility if the following conditions are met:

- If an individual has a fever, cough or shortness of breath and has not been around anyone who has been diagnosed with COVID-19, they can return to the center no sooner than 72 hours after the fever is gone (without the use of fever-reducing medication) and symptoms get better. If the person's symptoms worsen, they should contact their healthcare provider to determine if they should be tested for COVID-19.
- If an individual is diagnosed with COVID-19, they must remain out of the program for a minimum of 7 days after the onset of first symptoms. They must contact their county's Health Department and ask for a return to school letter. This letter will state the date they can return to Kids Club.

#### **Absences**

If your child is going to be absent for several days due to illness, testing or quarantine, please contact Deb or Angela to discuss options

#### **Food Service**

We will follow the district policy supplied by Food Service for breakfast service. An afternoon snack consisting of a pre packaged snack and beverage will be distributed by Kids Club staff. Staff will wear gloves and hand out the snack to each child.

#### **Staffing**

For safety reasons, the daycare will have no less than 2 staff on the premises at all times. Staff will be required to take a Kids Club health assessment each week to determine that they are cleared to work. They are required to follow the same COVID-19 guidelines as families. Staff will be required to sign the District's COVID-19 policy and to satisfy any District training in regards to COVID-19.

#### **School Closure/Early Release**

School may have to close due to positive cases of COVID-19 in the school setting. In the event of a school closure, Kids Club will open full day programming for families with active contracts in conjunction with the school district if permitted by the health department.

Parents would be notified by the school district of any school closures. We would follow the health department's guidance as to whether we would be allowed to operate. Parents would be notified if

Kids Club could not operate.

If you do not have an accepted contract and it is determined that we have space, contracts from the waitlist would be accepted in the order of the employee tiers listed above and the order in which we received the contract.

In the event of a school closure and school daycare implemented, your child would be responsible for bringing their school issued device and any other materials needed for the school day.

Kids Club will not offer care on a snow day or inservice day as in other years.

Kids Club will work in conjunction with the school district to provide school day care on early release days.

This document will be amended if there are changes mandated by the State government, DCF, DHS, county Health Department or school district.

**Please know that the above information may change before the start of school and you will be notified of any changes to the document. Thank you**
